

BRASS LOCK NUTS (FOR EMC CABLE GLANDS)

These lock nuts are specifically designed for use with EMC cable glands. These are manufactured with special notches on their corners. On tightening against the body on which the gland is being installed, the notches chip the paint of the body and make excellent electrical contact with the bare metal surface which acts as the grounding for the cable.

Technical Details :	
Material	Brass, Nickel Plated
Threads available	Pg, Metric, NPT

Pg Threads

For Gland Size	Cat. No.	(mm)	Height (mm)	Standard Pack (pieces)
Pg 7	BSEL-01	15	4.7	50
Pg 9	BSEL-02	18	4.7	50
Pg 11	BSEL-03	21	4.7	50
Pg 13.5	BSEL-04	23	4.7	50
Pg 16	BSEL-05	26	4.7	25
Pg 21	BSEL-06	32	5.2	25
Pg 29	BSEL-07	41	5.6	20
Pg 36	BSEL-08	51	5.6	15
Pg 42	BSEL-09	60	5.6	10
Pg 48	BSEL-10	64	6.1	10

Metric Threads

For Gland Size	Cat. No.	(mm)	Height (mm)	Standard Pack (pieces)
M 12 x 1.5	BMEL-01	15	3.3	50
M 16 x 1.5	BMEL-02	19	3.5	50
M 20 x 1.5	BMEL-03	24	3.6	50
M 25 x 1.5	BMEL-04	30	3.6	25
M 32 x 1.5	BMEL-05	36	4.0	25
M 40 x 1.5	BMEL-06	46	4.6	20
M 50 x 1.5	BMEL-07	60	5.5	15
M 63 x 1.5	BMEL-08	70	6.7	10
